SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, March 16th, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

George J. Powers of the First township sent a communication to the board, asking that he be given a roadway from his property on Wyoming street in the Abbey Homestead to the Mission road, as Wyoming street had been plowed up by private parties. The matter was referred to the District Attorney.

M. F. Brown, chief of the motorcycle squad, reported as follows to date:

Officer Lowans, worked 14 days, two arrests, two convictions, fines \$30.

Officer Logan, worked fourteen days, six arrests, six convictions, fines \$45 and one jail sentence of two days.

Officer Vallejo, worked twelve days, one arrest, one conviction, fine \$20.

Officer Brown, worked fourteen days, seven arrests, three convictions, five cases pending, fines \$30.

Coroner Plymire reported the sale of the effects of certain deceased persons, from which 45 cents was realized which was paid to the Treasurer.

A communication was received from the Women's Improvement Club of Daly City, calling attention to a destitute family at that place. On motion of MacBain, seconded by Brown, the matter was referred to Casey, with power to give the family such assistance as was needed.

The request of W. B. Benoist, made at the last meeting, that the printing of the delinquent tax list be given to the lowest bidder, was taken up.

District Attorney Swart stated that the law relating to the subject was ambiguous, but that late court decisions made it obligatory upon the board to call for bids for the work.

The report of the District Attorney was accepted and the clerk was directed to publish a notice at the proper time calling for bids for printing the list.

The District Attorney reported that Ravenswood road in the Third Road District is a public highway. He had so notified the Spring Valley Water Company and the Morgan Oyster Company, which corporations, it is charged, had obstructed the road. Action on the matter was postponed until the 30th instant.

On motion of Casey, seconded by MacBain, to give the legal representatives of the water company an opportunity to be heard on the subject.

Mr. Swart also reported that Eighty-eighth, Eighty-ninth and Ninetieth streets, and Railroad and Sullivan avenues in the Seventy-fifth Dollar Lot Homestead were public thoroughfares; that Castle, Atlanta, Market, Price and Orange streets and San Bruno avenue in the Abbey Homestead had been regularly dedicated to public use, and that Ransom street, adjoining the public school property at Daly City had been laid out with the school lot at the time it was sold to the district, and could not be closed.

Action regarding those streets and avenues was continued until the 30th instant.

A. P. Bellisle of the San Mateo News repeated his offer made at the meeting held on the 2d instant, to devote four pages of his paper to a write-up of the county, to be published in a special edition of 400 copies at a rate of \$300.

The board took no action.

On motion of MacBain, seconded by Casey, the chairman was authorized to enter into contract with the American Bank Protection Company of Minneapolis to keep the burglar alarm of the Treasurer's vault in order at an annual cost of \$15.

A deed was accepted from Ambrose and Annie Needham, granting to the county 1.346 acres of land at Montara for a road right of way, the consideration being \$10.

Archer Kincaid appeared before the board on behalf of E. C. Merrill and stated that during the construction of the bridge across Coyote creek in the Fifth district, a pumping plant owned by Mr. Merrill had been destroyed. Blackburn was delegated to investigate the matter on motion of Casey, seconded by Francis, and report on the 30th instant.

On motion of Casey, seconded by Francis, the clerk was directed to publish a notice inviting bids for the construction of the second section of the San Pedro road in the First township.

On motion of MacBain, seconded by Blackburn, the clerk was authorized to employ an assistant to prepare lists of voters for the different city elections.

On motion of MacBain, seconded by Casey, the clerk was directed to write to the Federal Construction Company, requesting that it proceed at once with the construction of the Middlefield road in accordance with the contract.

On motion of MacBain, seconded by Casey, the Surveyor was given permission to make a change in

"The Man Who Gets 'Em"

Seldom is it that one will find embodied in an individual all the necessary requirements which go to make up and constitute an ideal sheriff, but in the gentleman, an excellent likeness of whom appears above, those qualifications are most certainly blended, and the people of San Mateo county, irrespective of sex or politics, have again called upon "Bob" Chatham to assume the duties of sheriff, an office which he has heretofore filled with credit to himself and honor to those whom he served so faithfully as guardian of the peace and safety of the residents of this county.

Mr. Chatham therefore announces himself as a candidate for the nomination of sheriff at the August primary election. He needs no introduction to the people whom he desires to represent. As former sheriff he was always known as courteous and obliging and absolutely fearless in the discharge of his duties, which combined with the faculty of trailing criminals who had violated the law until the guilty party was brought before a court of justice, earns for him the thanks and respect of his constituents and at the same time served as a warning to those who had no respect for the law that they must give the County of San Mateo a wide berth.

Such a man is what the people of this county now demand as the guardian of their homes and property during the ensuing four years, and that is why from Pescadero to Halfmoon Bay and on up the coast to the county line, from Menlo Park to Daly City and from the Bay of San Francisco to the Pacific the people, irrespective of party affiliations, are declaring in words which cannot be misunderstood, that honest, straightforward, fearless "Bob" Chatham will be the next sheriff of San Mateo county.

THROWN FROM MOTORCYCLE AND SUFFERS BROKEN LEG.

While rounding a corner at Rogers and Arguello streets Sunday, M. A. Poss, an employee of the Maler Nursery at Burlingame, was thrown from his motorcycle and his leg fractured. He was taken by his friend, Percy Walker, to the E. M. Hanson residence, close by, where Dr. Ross and Mr. Hanson did their best to relieve the young man's pain until the arrival of Dr. Warren of San Mateo. The leg was then bound in splints, after which he was taken to the Red Cross hospital in San Mateo.

The Catholic Ladies' Aid Society will give a card party and dance in Foresters' hall on the evening of April 30th. Good music will be furnished and a pleasant time is assured.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Many friends of Ray Griffin—both among the more mature as well as the younger set of citizens—are rallying to his support in his campaign for election to the office of city clerk with an energy which augurs strongly for his success at the polls. Recognizing his mental fitness for the office, both faculty and students of the local high school are putting forth every effort for his success. Wherever his candidacy is discussed, it is generally admitted that he is especially well qualified for the office to which he aspires, his clerical ability being unquestioned. A strong argument being put forward in his favor is the fact that he promises to devote his entire time to the office and to be personally present at the city hall during business hours. That he is qualified to do the work without assistance, no one who knows him will question.

JUMPS AT WRONG CONCLUSIONS

After concluding that he was too old to administer the affairs of Harvard, Dr. Elliott seems to have decided to undertake the task of censoring the world. First he condensed necessary literature into a five-foot shelf. Next he undertook to fix up a religious creed for the future, in which work he did not content himself with a mere abridgment, but practically denatured it. Then he took up the civil service and indulged in some severe criticisms of the Secretary of State for his patent violations of its spirit.

Having settled to his satisfaction literary, religious and political affairs, he has now turned to the industrial world and undertakes to pass judgment on trades unions. While admitting that trade unionism has raised wages, shortened hours of labor and improved working conditions, he charges that it has had a bad effect on the character and happiness of the workers. He insists that higher wages, shorter hours and better clothes will not bring genuine happiness; that the workers must, before they can become happy, get satisfaction out of their work.

The defects pointed out are not results of trade unionism, but merely incidents which may, and undoubtedly will, be corrected. Unfortunately for those interested, trade unions at this time are suffering some slight internal dissensions, due to divergent views of the future. On the one hand are the conservative workmen, who believe that collective bargaining will enable them to still further increase their wages and improve working conditions. On the other hand there are certain dreamers who look upon all wage-workers as "slaves" and who insist that the battle should be to destroy capitalist industry entirely. But, fortunately for the trades unionist, this latter element is far from in control, not is there danger, despite expressions of alarm from some quarters, that it ever will be. Probably there are some defects in trades unions, but these will be remedied in due time. A better understanding of the mutuality of interest of employer and employee must come and will come. Certainly trade unionism is here to stay. Whatever of defects it may have will be corrected in time, as a result of the natural laws of the universe.

Postal Clerk Has Troubles.

For the first time during the present administration of the post office in this city, a complaint has been filed against the efficiency of the service which may seriously affect the standing of Officer A. Sahlgren, one of Mr. Price's popular deputies. Thursday at the noon hour the congestion at the general delivery window was so great that a line of people extended for half a block down Broadway stood clamoring for their mail. Conjectures were numerous as to the cause of the delay in the service until it was whispered about the street that during the wee-small hours of that morning, Dr. J. L. Reed had been summoned to the Sahlgren home with that old wise bird, the stork, hovering over his little gray machine and when the medical gentleman had taken his departure a great big blue and baby girl had been left at the home of the deputy post master to comfort him and his wife during their declining years. Mr. Price has placed the complaint on file. Mr. Sahlgren is back at his accustomed place, and the rapidly with which the general delivery is distributed would make one of Uncle Sam's crack railway mail clerks think he was a one-horse ice wagon.

Native Sons in Contest.

One of the best attended and most enthusiastic meetings in the history of Redwood Parlor was held Thursday night last in Foresters' hall. The occasion was an official visit from the grand vice-president, John F. Davis of San Francisco. A contest in ritualistic work had been arranged between Palo Alto and Redwood Parlor and this was the first of a series for a silver trophy. Members of both parlor took a deep interest in the affair. Redwood Parlor was successful in the first round of the series, it having secured 879 points against 828 secured by Palo Alto. Grand vice president J. F. Davis, past president, Dr. Decker, past grand president, Geo. D. Clark, grand trustee, W. P. Caba and district deputy George Kelly acted as judges. Both parlor were complimented for the excellent work. Henry Beezer, marshal of the local society and James Farnin of Palo Alto were especially mentioned. After the meeting the visitors were banqueted by Bonita Parlor No. 10, N. D. G. W. The toastmaster was H. W. Lamplin.

LOCAL NEWS NOTES.

Judge Back made an order yesterday in the Superior Court directing M. J. Hyatt, guardian of the estate of Loren Coburn, to make, on or before April 15, a report and account of his guardianship. Mr. Hyatt has been guardian of the aged capitalist for the past two years, during which time he handled the numerous affairs of the vast estate. The report will be a voluminous document.

County Clerk Jos. H. Nash certified to the registration of voters in the county as follows and forwarded same to the Secretary of State, Frank Jordan: Republicans 4422, Democrats 1838, Progressives 1002, Socialists 305, declined to state politics 287, Union Labor 5, Prohibition 22, total registration 7881. At the last election the total registration was only 9500 and now when registration has practically just begun, it is nearly that figure. It is believed that the 12000 mark will be reached before registration closes. This is an excellent indication of how rapidly the county is growing. County Superintendent Roy Cloud visited the local grammar school several days this week. On Tuesday afternoon he gave a lecture in the assembly hall to the children of the grammar grades on his recent trip to Salt Lake City and to the Yellowstone National Park. Mr. Cloud took his young listeners to Salt Lake City, told them the history of its founding and described its beauty. He explained the construction of the tabernacle and its wonderful acoustic properties. Then he took them to the greatest of parks, to the crest of the continent, and brought them home again. Such illuminating lessons in history and geography surpass the usual classroom instruction.

College Prince at Stanford.

"The College Prince," a comic opera in two acts will be produced at Stanford University, March 26. The play is the original work of two Stanford students and able critics who have seen it pronounced an opera of extraordinary professional quality. Picture of the members of the cast, together with costumes worn by them are being shown in the windows of Frazer & Co., the well known Palo Alto merchants, this week. The display is an interesting one and is attracting wide attention. The first act of "The College Prince" is laid at the university campus and the second in a fanciful principal in the Abba Jared mountains of Abyssinia. Songs and dances in keeping with the plot are plentiful and very catchy. Seats are on sale at Weingartner & Co's., Palo Alto, and at the campus bookstore. The play will be produced on Thursday evening, March 26th.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO NOTES.

Last Thursday morning as Al Wilson stepped from a Southern Pacific train on the suburban electric road he was run down by a south bound car and dragged for a hundred feet. Although dazed he was not unconscious when picked up and put on the car and taken to the Red Cross Hospital at San Mateo. At present writing it cannot be learned how badly he is injured, but a legion of friends are of the opinion that the injuries are of but little moment and are anxiously awaiting his return.

The fire house has been made comfortable by the ceiling of the room. Several of the fire ladders volunteered their services during the nights of last week and under the direction of Captain Magnusson made a first class job of it.

Lomita Park is to have a building boom. Twelve lots were recently sold in different parts of the Park and the new owner intends to build a modern house on each and sell on easy installments. The inquiry for improved property in this locality seems to justify the building of first class houses.

Frank Atcheson was taken to the San Mateo hospital last Saturday suffering from what the doctors termed double pneumonia, and died on Monday night. The funeral services were held at Cypress Lawn cemetery Wednesday.

He was born in Marysville, California, 38 years ago and leaves a brother, Cyrus, to mourn him.

Frank Allen met the misfortune of badly lacerating a finger while employed at the railroad shops. The injury will necessitate a layoff from work for a couple of weeks.

Last week a herd of 400 milch cows from the Sneath farm was loaded on cars and shipped to Pleasanton, where the herd will form a nucleus for the dairy of several hundred cows. The farm has been used for the cultivation of sugar beets, but owing to the low tariff on sugar the owners will change to dairying. Mr. Sneath will cultivate his farms on diversified lines, raising crops of reasonable value.

The many friends of Wm. H. Turnbull of the Fourth addition have finally induced him to allow his name to go before the people as a candidate for school trustee at the coming election in April. As an old resident, with a large and interesting family, and one who has always taken a deep and non-partisan interest in the welfare of our community, he deserves the support of all progressive citizens and from the general interest already taken in his candidacy, he will undoubtedly be elected by a large majority. His declared policy is to square the deal to all, and no expenditure of public moneys or increase in taxes without the consent of the majority of the people.

WOODSIDE NOTES

A trustee for this part of Sequoia union high school district will be elected at the election to be held on April 3rd. The friends of John P. Gish have prevailed upon him to accept the position and after much consideration has consented to become a candidate. He will have no opposition as the district is glad to have such a man accept the place. The fact that he is at the county seat during the day time will enable him to meet with the other trustees whenever his presence is required. Mr. Gish takes a lively interest in school affairs, he therefore will be quite and acquisition to the board.

Bids for the construction of the Woodside road from Redwood City to a short distance beyond Woodside, a distance over six miles, will be opened by the supervisors on Monday, March 30. Work on the highway will start soon thereafter. The right of way from Woodside to La Honda and from San Gregorio to Pescadero are practically completed. All the new lots owned by the county seat to Pescadero promises to be one of the most popular in the state, it certainly is one of the most scenic and picturesque.

Mr. and Mrs. Charles Josselyn will leave San Francisco today for Woodside, where they will open their home for the summer. During the past four months they have been occupying the Deolbe house in Pacific avenue.

Miss Marjorie Josselyn has sufficiently recovered from a severe illness at the Adler sanatorium, to be ready to return to Burlingame, where she is rapidly recovering at the home of her brother-in-law and sister. Mr. and Mrs. Gerald Rathbone.

Dr. R. M. Olson-Saffer of Palo Alto, and Mrs. Frances Whitney, the nurse at the county hospital, were married at Redwood City last Sunday. The bride was formerly Fannie Walker of this place, she having spent her girlhood here. She was a daughter of John Walker, who resided here until recently. She is a sister of Mrs. John Coats of Palo Alto.

PESCADERO CORRESPONDENCE. Frank Williamson and family are at J. F. Steeles on a vacation.

L. Coburn and wife came home Sunday from San Francisco feeling fine. He says he has received justice at last and he returns thanks for the same to the Judge and jury of men.

The whist party given by the Native Daughters was well attended. The I. O. O. F. hall was crowded, the coffee and cake was dandy and the dance after was O. K.

Ed Weeks is planting potatoes—on a petting ready to soon—so we are informed.

James Caugha is getting along fine after the operation.

L. Coburn says he is ready now to take money on a lot of those bills due him from various parties that did not want to pay him because he was declared incompetent a year ago. Better call at the captain's office, gent.

Azro Coburn came down from San Francisco Saturday.

John Manley was in town Wednesday from the White Horse.

Death of Judge Van Buren.

Judge Case Van Buren, justice of the peace of Mayfield for the past twenty years, died at his home at that place late Thursday evening. The deceased was well known in Santa Clara county, being prominent in political circles for a great many years. For more than forty years he had been a resident of Mayfield, and in the early days was in charge of the town. He was 80 years of age. His young son died a few months ago and it is thought the worry of the boy's death hastened the end.

OPPOSITIONS OF SUPERVISOR FILE THEIR RECALL PETITION

On Thursday the recall petition of certain people of the First township asking for the removal of Supervisor James T. Casey from office, was filed in the county clerk's office by J. M. Custer. The petition contains over 500 names, a few more than the number required by law. County Clerk Nash will verify the petition in a few days and when this work is completed the board of supervisors will call an election within six days. Dr. McGovern of South San Francisco has announced his candidacy and it is thought others will aspire to be supervisor of the First township. The contest promises to be a bitter one.

The following is a statement of the grounds upon which the removal or recall is sought:—W. T. Casey, James T. Casey has, since the first day of January, 1913, in his administration of said office, shown himself to be inefficient, incompetent and unfit for the office he now occupies. That he has, since the first day of January, 1913, frequently abused his official authority and discretion by extending undue and arbitrary considerations to certain of his constituents and denying to others their rights as guaranteed by the laws of the State of California, all of which has been subversive of the public welfare and business integrity, and that the unofficial conduct and continuance of said office of said James T. Casey is a menace to the moral and business welfare of said San Mateo county.

NO REGISTRATION LISTS FOR SCHOOL ELECTIONS

For some years County Clerk Nash has been given considerable annoyance by the various school districts of the county. Whenever an election is held in the district a demand has been made for registration affidavits and the index to the great register. This has at times upset the whole office. Mr. Nash wrote the Attorney General for an opinion as to whether or not he was compelled to furnish such supplies. Yesterday he received a very lengthy opinion, carefully prepared and thorough in regard to the matter. The foreword of the opinion is an extract from said opinion:— "That being so, there appears no good reason for requiring such affidavits or index to be furnished such as a school election. There is no express provision of law that he shall do so, either in the section of the Political Code relating specially to the election of school trustees or elsewhere, and since there is no reason for the presence of such affidavits at the election no duty on his part to furnish them should be implied from other general provisions of the Political Code relating to election of public officers. I am of the opinion, therefore, that the county Clerk is not obliged by law to forward to the different precincts the original affidavits and the index of the voters for the different school elections to be held on April 3rd."

Very truly yours,
U. S. WEBB, Attorney General.

Former Resident a Suicide.

James Gillespie, a realty dealer in San Francisco, was found Tuesday, dead in a rooming house in Oakland, having been asphyxiated by gas administered with suicidal intent. A letter was found addressed to Public Administrator James of San Francisco, requesting him to take charge of Gillespie's affairs and to have him buried by the Masonic lodge in Redwood City, of which he was a member. Gillespie was a native of Ireland, aged 49 years and leaves a wife, but no children. He was quite well known in this city, where he resided about twelve years ago, having worked for the Frank Tanning Company and for J. W. Pool. The funeral will take place this afternoon at 1:30 from the Masonic Temple in San Francisco, under the auspices of California Lodge, No. 1, F. & A. M. Many from the local lodge will attend.

Special at Edison Theater.

The "Edison" takes great pleasure in announcing that at the request of a large number of patrons it has secured for one night only "The Lion and the Mouse," by Charles Klein.

This splendid production by the Lubin Co. is in six parts and all who are acquainted with Mr. Klein's companion masterpiece, "The Third Degree," will judge for themselves the excellence of this production. It is a real drama, full of interest, played by an excellent cast. It possesses the primal interest throughout. This is not a cheap and shoddy production but it represents both in setting and photography a masterpiece of the producer's art. We cannot speak too highly of the excellence of this production. We feel that it is a production that will speak for itself. In addition to the merits of this production as such, we wish to call your attention to this no less important fact, that this picture will be projected on the screen as nearly perfectly as the best and most complete projecting outfit makes possible. Our pictures are sharp and clear and flickerless. They make you even glad.

Due to the recency of the production of this film and owing to the fact that it is now being circulated only in the larger sized towns, we have been forced to pay an extra rental in order to bring it to Redwood City at this time. For this reason we find it necessary to raise the price of admission for this production to 10 and 20 cents.

One night only, Friday, March 27. Critics of this production say that it is a characterization of one of America's famous financiers. Come and see if you know who he is. The Edison. The leading photoplay. First show 7 p. m. Second show 8:45 p. m. Matinee 3:45 p. m.

The Archbishop and a number of priests of the diocese were entertained at St. Patrick's Seminary on Tuesday afternoon. The students had prepared an attractive program in honor of Ireland's patron saint. There were two plays rendered in which John O'Brien of this place took a prominent part.

Coming on the heels of the announcement recently that Miss Louise Hamilton, the beautiful actress with the Andrew Mack company at the Alcazar theater, and more lately in "Milestones" at the Columbia, had become affianced to Percival W. Selby, the wealthy urban and bon vivant news, has been received that the two were married Monday of last week at Ogden.

The Bay road leading to the Ravenswood wharf will soon be opened for travel. It has been closed for some time by the Spring Valley Water Company who owns the adjoining lands. At the session of the last grand jury residents of that locality took the matter up and the insubstantial body after a thorough investigation referred the matter to the board of supervisors, who in turn placed the affair in the hands of the District Attorney. He made a report at the last meeting of the board, declaring the highway to be a public road and suggested that the sheriff be ordered to remove the obstructions on the road. The order would have been made then but the board out of courtesy to the attorney for the water company, deferred action until March 30th. The road in question is the oldest road in the county and one of the few that has been dedicated by the State Legislature. It was dedicated by the Legislature through the instrumentality of the late John T. Doyle in 1863 and remained a public thoroughfare for over forty years and until obstructions were placed across it by the water company several years ago.

An audience that filled the edifice to the doors gathered at the church of the Nativity, Menlo Park, on Wednesday evening to hear the Rev. John J. Harrington, S. T. L. His subject on Wednesday night was "The Christian Religion, not man-made." "Macaulay" once described the Catholic church as a master piece of human wisdom. Macaulay's mind was the mind of a large portion of mankind today, a mind that has no conception of the supernatural in mind therefore that cannot grasp the idea of the Divine operating in a visible human institution. To such a pagan mind the church appears only as a human institution, not alone in her intimate constitution but more particularly in her combined existence according to all human standards. She should have been overthrown and destroyed, or like all other human institutions, should long since have become an official relic of ages that are gone. And the pagan mind is right. If there be no revelation by Christ then the church has been founded by human craft and preserved by human wisdom and her continued existence is the most insoluble problem in the history of man. To the Christian mind, which accepts revelation, the problem is easy. The church is divine. Christ whose revelation teaches, is God came upon earth to found a church. Being God, if He founded a church He is able to continue its existence. His repeated promises were

CITY COUNCIL DECIDES ON NEW IMPROVEMENT DISTRICT

Street improvement was the chief item in fact, almost the only topic discussed at the meeting of the city council last Monday evening. With all the trustees in attendance, good progress was made along these lines and the indications now are that the improvement of the streets of that portion of the city lying west of the county road will be actually under way at least very early in the summer.

Having finally succeeded in securing a definite and somewhat direct line for the boundaries of White the usual at this meeting, the thoroughfare is to be pushed with-out delay. At this meeting resolutions were adopted determining the official grade of the street and directing City Surveyor Sears to prepare plans and specifications for the construction of sewers, concrete curbs and sidewalks and oil macadam pavement for the entire length of the street. It is probable that these will be ready for the next meeting of the council, in which event the resolution of intention, which will finally determine the work, will be adopted.

Plans and specifications for the construction of an oil macadam pavement on the following streets: Grant avenue, Redwood avenue, Oak avenue, Wood street, Ebner street, Woodrow street, Davis street, Cleveland street, Blaine street, Lincoln avenue and Harrison avenue, all west of the County road, were approved. Following the adoption of the plans, a formal resolution declaring the intention of the council to order the work done was adopted.

A resolution declaring the intention of the council to order the construction of concrete curbs and sidewalks into each section had been prepared by City Attorney Mansfield for presentation at this meeting, but final action was not taken, it being the desire of the trustees to afford all who might wish to do so an opportunity to have the work done by private contract, thus saving a possibly increased cost. To give time for this, final action was deferred until an adjourned meeting to be held next Tuesday evening. Those who desire to have their work done by private contract must either notify City Attorney Mansfield before that date or make their wishes known at the council on next Tuesday evening, as after that date it will be practically impossible to make changes or omissions of property in the district.

The regular monthly reports of the city officers and employees were presented and after reading "were ordered filed. According to the report of Marshal Coleman the receipts of the city for the past month amounted to a total of \$1,421.26, divided among the various sources as follows:

Water rates	\$872.25
Water connections	60.00
Tannum Mill, draining marsh	100.00
Sewer connections	10.00
Miscellaneous licenses	20.00
Dog licenses	39.00
Rebates	2.00
Taxes	19.00
Street improve, dist. 8	263.35
Street improve, dist. 13	47.75
Street improve, dist. 13	6.91

According to the report of City Treasurer Frank K. Towne, the water system of the city is still doing a profitable business, the amount to the credit of that fund having increased to the tidy sum of \$254.67. The general fund, however, does not seem to be quite as flourishing, the balance being reduced to \$1936.90.

City Electrician Werder was given authority to change the location of a few poles of the city street lighting system on Edgewood Road, to give a more direct line to the wires and obviate an unsightly appearance which is unsatisfactory to residents of that section.

Trustee Deleau called attention to the fact that the number of dogs running upon the streets without license tags was inclined to show an increase over past years, while the receipts for licenses was remarkable for its decreased proportions. The matter was referred to Trustee Sampson, chairman of the committee on health, and police, with the understanding that he should take some means to induce the poundmaster to "get busy."

It was decided to set apart the second week in April as a "clean-up" season for the city, when a concerted effort is to be made to rid back yards of their unsightly and unsanitary accumulations.

An adjournment was then taken until next Tuesday evening, when the street improvement campaign will be the special order of the day.

He would continue that church until the time of the church and the history of the church, the most patent evidence of the realization of that promise. Next Wednesday evening the Rev. Frank McElroy will speak on the subject, "Is there an authorized teacher in religion?"

Sheriff Mansfield brought from Stockton yesterday John Martin and Lloyd Melba and placed them in the county jail at Redwood City. They are men who broke into Duff and Doyle's clothing store and removed articles of clothing, shoes, etc., to the value of \$90. After the robbery notices of the theft were sent to every peace officer in the county and the two men were arrested by a constable just outside of Stockton on Wednesday. The loot was brought back and the goods returned to the owners. Martin is well known here. He has been around this locality for the past two months.

Colonel Henry Krebs, a veteran of the Civil War, aged 72 years, died at his home in Alameda last Wednesday after a short illness. He ceased maintained a beautiful place at Atherton and usually spent his summer there. The place has been for sale for some time. Mr. and Mrs. Krebs having decided to spend their declining years in Los Angeles.

P. H. McEvoy has moved his barns from the old Johnson property on Santa Cruz avenue to his lots near Atherton. They will be rented.

The couple was married in San Francisco on June 16, 1896. There are no children as a result of the marriage. EFFICIENCY GUARANTEES MUST BE MADE GOOD

Judge Buck on Wednesday rendered a decision in the civil suit of The De Laval Dairy Supply Company against Hind & Langley, giving judgment to the defendants. Two years ago the company installed a cold storage plant in the butcher shop of Hind & Langley of this city agreeing to keep it in repair for a year. Before twelve months had expired Mr. Hind had some repairs done on the plant and shortly afterwards he received a bill for \$80. The claim was rejected and the firm brought suit in the justice court and secured a judgment for the amount. Hind & Langley appealed to the Superior Court and the case was submitted Wednesday morning and in the afternoon the following opinion was rendered by the court: E. B. Moring appeared as attorney for defendant.

"This is an action to recover a sum of money claimed to be due plaintiffs from defendants for materials furnished and labor performed by plaintiff for defendants in putting in a cold storage plant at defendants' place of business in Redwood City. The answer is a general denial and also a counter claim for damages. The action should have been for a balance due, or it might have been brought on account stated. As the action was brought in a justice of the peace court and the pleadings were deemed sufficient, I will briefly review the case. It seems that plaintiff installed for defendants, and was paid for a cold storage plant the sum of \$850.00 and agreed to keep same in repair for one year. Within a year the plant proved defective and certain repairs had to be made. These repairs were made by plaintiff and some new work was done and the defendants paid plaintiff \$80 which he claims was for new pipe put in the plant. The defendant claims that after this suit was brought Defendant Hind discovered that the plant was to be kept in repair for one year by the plaintiff and hence this suit for \$85.25 being for repairs made in the plant within the year, defendants are not liable for or any part of it. The evidence showed beyond any question that these repairs were made within the year provided in the contract. Such being the case, I see no reason why the defendants should pay for these repairs and judgment will be for defendants for costs of suit."

BUCK, Judge.

possession of a piano sold to P. T. Brunson in February, 1911, for \$750. Defendant agreed to pay for the instrument by monthly installments of \$20 but defaulted in the payments and on January 17 of this year plaintiff made a demand for the piano and failed to secure possession of it. The company besides asking for possession of the instrument, asks for damages in the sum of \$500.

E. R. Whitehead has commenced an action in the Superior Court against The East San Mateo Land Company and others to foreclose a mortgage on lots 5 and 6, block 18, San Mateo. The amount sought to be recovered is \$1750. The note which was secured by the mortgage was executed in San Francisco on March 14, 1910 for \$1750. Plaintiff asks for costs of suit and ten per cent of the amount found due by attorney fees.

Ernest Porter has brought suit in the Superior Court against J. H. Terrie to recover the sum of \$856.25 for certain services rendered defendant during the two years last past at his special instance and request. Plaintiff also asks for the sum of \$49.50, money advanced the plaintiff. Plaintiff also asks for his costs of suit.

Marie Wohlgemuth has brought divorce proceedings in the Superior Court against her husband, Morris Wohlgemuth of Daly City. The couple was married at Daly City on January 28th, 1912. They have no children as a result of the marriage and no community property. Plaintiff asks to resume maiden name, Marie Schiller. She asks for alimony in the sum of \$25 a month, costs of suit and reasonable attorney fees. Defendant earns over \$100 a month.

Orders in Superior Court.

Eugene B. Lorton, et al vs. W. H. Underhill. Return of writ continued to March 27.
Ida M. Schneider vs. W. R. Schneider. Interlocutory decree of divorce granted plaintiff.

Extra Strong Attractions.

Extra special programs at popular prices will again be the rule at the Bell Theater during the coming week. For today and Sunday the attraction will be an especially strong one, both at the matinee and evening shows, manager Nathorst having secured an unusually good specialty attraction, which will be shown in addition to five reels of pictures. On each day there will be a complete change of program, included in which will be a great Keystone comedy attraction. The specialty acts will be particularly interesting, showing Wayne the Wizard in beautiful acts of mystery.

With all these attractions added to the program, the prices of admission will remain at 5 and 10 cents. For the remainder of the week there will also be especially strong programs at popular prices. On Saturday and Sunday afternoons the matinee program will begin promptly at 2:15.

BOARD OF SUPERVISORS
(Continued from first page.)

the grade of the County Road, now in course of construction through Redwood City, to conform with the city's sidewalks.

On motion of MacBain, seconded by Francis, the salaries of Manuel Simmons and of Charles Jacobus, janitors of the courthouse, were increased \$10 monthly; the salary of the assistant gardener was increased to \$3.50 per day and the washing of the courthouse towels was given to Mrs. May Stephens.

On motion of Casey, seconded by MacBain, the clerk was directed to communicate with the Southern Pacific Company and request that deeds of right of way be furnished through the company's property, as promised, for the new road leading from South San Francisco to the county line.

Chairman Brown gave a lengthy report of the convention of supervisors, attended by him at Los Angeles last Saturday, and recommended that the county purchase \$100,000 of the State's 4 percent bonds, at par, to assist in the completion of the State Highway from San Francisco to Los Angeles.

Treasurer Chamberlain was called and stated that the money could be spared from the county's funds for at least two years and the investment would be more remunerative than lending the money to banks, for which only 2 per cent was realized.

On motion of MacBain, seconded by Casey, it was declared to be the board's intention to invest \$100,000 in the bonds at par. Francis voted "no" on the motion, giving as his reason that it was poor business policy for the county to purchase the bonds when it might use the money to buy its own bonds, rather than sell them at par.

Brown called Francis to the chair, and taking the floor moved that it be the sense of the board that in the event of the State Highway being built on the west side of the railroad, the county will maintain and keep in order, the present county road leading from Beresford to the city limits of Redwood City. The motion was seconded by MacBain and carried.

Adjourned to Monday, March 30.

FOR DELICATE CHILDREN

A Mother's Letter to Mothers.

Mrs. E. W. Cooper of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength beside. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this place to try Vinol on our guarantee.

P. S. Our Sazo Salve is truly wonderful for Eczema. We guarantee it.
